

Terrington St Clement Community School

A traditional school with traditional values where we aspire, succeed and thrive

School Newsletter—16th September 2019

Dear Parents/Carers

Our learners have had a very successful start to the term and I am hearing lots of positive reports from class teachers. In our assemblies we have started learning about having a 'Growth Mindset' and being a successful learner. If you would like to find out more about this and how you can support your child develop a positive response to challenges and set backs [this link has lots of information for parents.](#)

Parents/Carers in 3/4P will already be aware of Mrs Penfold's exciting news and I am sure many of you will have spotted already that Mrs Penfold is expecting her first child. We wish her and her husband the very best.

Finally, in the next few weeks we will be writing to all parents/carers about a new online payment system called SQUID which we will be implementing after the October Half Term. This will enable parents the option to pay for school meals, trips and clubs online, will significantly reduce the burden on our Mrs Kew and Mrs Smith and reduce money collection costs.

Miss Conner, Headteacher

Our Vision and Traditional Values

Many of you may have already spotted our updated motto (at the top of this newsletter). We added our aim to “aspire, succeed and thrive,” at the end of last term following input from staff and governors about what we want for all of our learners. We now need your help to help define for us all what “Traditional Values,” we hold most dear. Please contribute to the consultation which will be sent home this week. We will collate and share the results via these newsletters.

Congratulations

...to our Primary Stars of the week.

Inspiring—A behaviour example, looks smart everyday, a good friend

George (3/4 R), All of 5/6 H, Alice (3/4 P)

Home School Support Worker

We have a new position in school which started this September. Sue Mills is our new Home School Support

Worker. Her remit is to work and support our learners and families to facilitate a happy and successful time at school. She can support learners in school who have some challenging circumstances at home or school, for example where there is a bereavement within the family and they either need some additional support in school or to know that there is someone is looking out for them. She is also available to advise parents about issues relating to your child. We are delighted to have this additional support in school for families.
