Dear Parents/Carers

### **Advice about actions to take in relation to Covid 19 – Increase in cases update**

I am just writing to first of all thank you for your consideration towards staff over the past few weeks and for being so proactive in getting a PCR test for your child if advised to do so. The vast majority of parents/carers are doing this and, as a result, we are picking up more asymptomatic cases. I also wish to update parents/carers about the current outbreak in school.

We continue to work closely with Public Health and to adapt and put in place measures as appropriate to try to contain any localised cases. This is why, recently we have been writing to class members as soon as a positive case has been reported and asking you to access a PCR test for your child. We are finding that often a Lateral Flow Test is not picking up cases in children. Whilst it remains the case that most children have no symptoms or very mild symptoms, this is not the case for adults who have contracted this in school. All of our staff are double vaccinated but have continued to be quite unwell when they have tested positive so we appreciate your efforts to keep testing.

I know many of you have inquired about closing class bubbles as potential 'close contacts,' but we can now only do this if we are instructed by Public Health or we have insufficient staff to operate safely. Hopefully, with your and staff's continued commitment to testing, it won't come to this and the half term break will help reset things. Once again, I thank you for your support and understanding.

If you have any questions about the information in this letter, please get in touch.

Yours faithfully

Miss A Conner, Headteacher

**A traditional school with traditional values where  
we aspire, succeed and thrive**
