

Terrington St Clement Community School

A traditional school with traditional values where we aspire, succeed and thrive

13th September 2022

Dear Parent/Carers

It's been lovely to officially welcome you all back over the past week. Our learners have quickly settled back into school routines and adjusted to new classes and teachers.

We are delighted to welcome Melissa Baker to our team this term. She will be working in our SRB as a TA and is also an MSA.

Home learning tasks will be coming home shortly so please do look out for these. More information about homework is on page 2.

We are very much looking forward to welcoming parents/carers to our upcoming year group meetings. If you are unable to attend, the slides from the meetings will be published on our website. You will also be able to discuss any questions you may have at our parent/teacher consultations prior to the October half term.

FOSA (Friends of the School Association) put on some great events last year and are busy planning for the upcoming school year. If you have the odd hour to spare and would like to get involved, please do come along to our next meeting on Tuesday 27th September 3:30pm in the SRB (separate building at the back of the field). FOSA are a friendly group who make such a difference to the lives of our learners, not just through their fundraising efforts but also through their community building events.

FOSA Fete

Thank you to everyone who helped in some way with the fete. It was a great event and we raised £815.23! This will really help our playground shelter fund.

As parents/carers, you can really help your child to be successful in school. In setting weekly homework tasks, we are not asking you to be a teacher. Instead, your child needs to see that you value education and learning. You can do that simply by providing a quiet space and time to complete homework tasks and talking to them about what they are doing.

Each Monday, weekly bookmark activities are sent home with book bundles to read and re-read across the week. In Years 1 to 6, we also set weekly activities on Doodle Maths. However, other activities on Doodle Maths can be accessed daily. A little and often approach really has an impact as the program adapts to the level of your child. Some of our learners manage streaks of 100 days+ and this really builds their confidence and fluency in maths lesson. Alongside this, we also use TT Rockstars from Y2 up to help our learners learn their key times tables facts. Look out for some TT Rockstar competitions coming soon. Log in details for all of these will be sent home shortly so please let us know if you don't have these.

We deliberately set repetitive tasks to ensure that all can access the activities with increasing independence - a key skill which we work hard to develop in our learners. It is vital that our learners see learning as a continuous process and are well prepared for homework demands at High School. If you have any difficulties accessing the online content, or completing homework tasks becomes a battle, please speak to us and we will support you.

Uniform

[Uniform Expectations on our Website](#)

Thank you for making such an effort with ensuring your child has the correct uniform this term. Everyone looks very smart.

We are very aware how costs are rising currently, so don't forget that FOSA have a pre loved uniform rail in the main office and a large stock of uniform to pass on. You can speak to FOSA or the school office both of whom will be able to help. It's great from an environmental point of view that we are able to reuse uniform rather than send it to landfill. It's great to hear that an increasing number of you are making this positive choice.

Are you fed up with losing uniform???

FOSA have now registered with mynametags.com and the school will get money every time an order is placed, as long as the **school code 26033** is used.

Our Golden Rules

In the Spring this year, we updated our [Behaviour Policy](#), specifically our 3 "Golden" Rules.

Our Golden Rules

Ready

Respectful

Safe

- be **READY** to learn – I show I am listening, I persevere with my work and I try to challenge myself
- be **RESPECTFUL** - I listen when others speak, take responsibility for my actions and respect the property of my friends and the school.
- be **SAFE** - I move around school in a safe manner, I follow instructions to keep myself safe in school and online.

Please support us in embedding these rules in school. We are shining a focus on being "Respectful" this term and need all adults to model our expected behaviour by adhering to our [Home School Agreement](#). We will send a paper copy of this home later this week so that you can discuss it with your children.
