

# Get Doodling Everybody!

## Getting Started

To access Doodle Maths visit [Doodle's Download Information](#)

There are download options for IOS, Android, PC, Mac, Kindle and LearnPad. The apps are free to download and your child's account is provided by the school.

Log in details for the apps are sent home at the beginning of the school year. If you have any difficulties accessing Doodle, please just speak to your child's teacher.

## What To Do

Complete short tasks across the week to earn stars. 10-15 minutes a day will make all the difference. Some of our learners also achieve a "Learning Streak" meaning that they access Doodle for a short period every day to keep their maths skills in top shape. There is a facility to "save a streak" so that even if you take a short holiday break, your child can still maintain their streak - we know how competitive some of our learners are!

## Reaching the Green Zone

We ask our learners to access Doodle Maths as part of their home learning tasks each week. They will need to achieve their weekly stars and reach the Green Zone. More information about how this works can be found here:

[Information About the Green Zone](#)
